Which individuals acting as individuals but were with others such as people acting in an official capacity or representing groups could you please let me know who the commissioner met. (I.e A representative of a local school etc).

Additionally, ""It is important for me to hear the views of the public and my office has contacted all three individually and sent them a copy of the plan and I will respond to their feedback." Please provide me with a copy of this plan.

Finally, Could you please release details of each item of expenditure which have been recorded electronically by the Police and Crime Commissioner's Office.

Yours Faithfully,
