1. Introduction

The Humberside Police and Crime Commissioner (PCC) is the voice of the public in East Yorkshire and Northern Lincolnshire, elected to work on your behalf and hold the police to account. In addition to commissioning the police service for the area, the PCC commissions a range of other services to help cut crime, improve community safety and provide support for victims of crime.

The PCC's Community Safety Fund offers grants towards the costs of community safety and crime reduction projects across the Humber area (East Riding of Yorkshire, Hull, North East Lincolnshire and North Lincolnshire). It is designed to support community organisations to kick-start local projects that will cut crime and antisocial behaviour and improve feelings of safety.

The Community Safety Fund forms part of the PCC's Delivery Fund, which was created following a commitment in the Police and Crime Plan 2021-2025. For details of other grant funding please see the Office of the Police and Crime Commissioner website (<https://www.humberside-pcc.gov.uk>).

2. Available funding

The PCC's Community Safety Fund can provide funding of between £500 and £35,000 to projects that meet the scheme criteria. It is split into two categories: the criteria are the same, but larger projects are required to provide more information.

Category	Minimum grant	Maximum grant	Maximum project size
Small grants	£500	£5,000	£25,000
Medium grants	£5,001	£35,000	£175,000

A maximum project size (including funding from other sources) is in place to ensure projects are focused and the impact derived from the PCC's investment can be clearly understood.

The following funding has been allocated to the two categories:

	Small grants	Medium grants
2022/23	£120,000	£250,000
2023/24	£120,000	£250,000
2024/25	£120,000	£250,000

The allocations to the Fund and the split between categories and years may be adjusted to respond to demand.

Exceptional cases

In exceptional cases the PCC may be able to provide funding greater than £35,000 to strategically important projects that will have a substantial impact on communities. Please contact us by email if you wish to propose such a project.

3. Scope: what can the PCC's Community Safety Fund support?

The PCC's Community Safety Fund exists to support projects that will contribute to reducing crime/antisocial behaviour and/or improving community safety, supporting the delivery of the PCC's Police and Crime Plan.

The Police and Crime Plan

The Police and Crime Plan sets the strategic police and crime objectives for the area. The current plan (2021-2025) has three aims:

1. Engaged, Resilient and Inclusive Communities
2. Safer Communities
3. Effective Organisations

You can download the Plan from the OPCC website¹.

We are interested in creative ideas and don't want to be prescriptive about the projects we are looking for. However, the following types of projects are likely to be "in scope" for the Fund:

- Community events and activities with a focus on crime and safety issues
- Activities and support for groups of people who may be particularly at risk of becoming victims of crime, or have previously been victims of crime (where support is not already available – please check our website for details of PCC-commissioned services)
- Activities and support for groups of people who may be particularly at risk of being drawn into crime or antisocial behaviour
- Minor capital works to purchase or improve community assets and equipment (e.g. playgrounds, sports facilities, community buildings), where it can be shown that these will divert people from crime or antisocial behaviour taking place in the local area
- Measures to improve the security of community buildings or assets
- Measures to improve the safety of outdoor public spaces

The Fund operates on a competitive basis, with projects that deliver the greatest impact and the best value for money given priority. However, the Fund will also seek to invest in a portfolio of projects across the Humber area and the Fund's scope.

4. Eligibility criteria

In order to be awarded funding, projects and the organisations proposing them must meet the Fund's eligibility criteria. Applications that do not meet the eligibility criteria will be rejected.

Please read the criteria carefully before applying and contact us if you are unsure whether your project would be eligible.

Purpose of the project

The project must contribute to reducing crime/antisocial behaviour and/or improving community safety.

Organisations eligible to apply

The following organisations are eligible to apply for funding from the PCC's Community Safety Fund:

- Non-profit organisations e.g. charities, social enterprises, community groups
- Town and parish councils

The following organisations will not be eligible to apply directly, but could co-fund projects led by eligible organisations:

- Unitary local authorities (i.e. Hull City Council, East Riding of Yorkshire Council, North Lincolnshire Council and North East Lincolnshire Council)
- Humberside Police, Humberside Fire & Rescue Service and other statutory services
- Other large public sector organisations and government agencies (e.g. NHS organisations)
- For-profit businesses

Whilst recently-established organisations can apply to the Fund, we may need to put in place additional safeguards for organisations without a demonstrable track record in order to protect public funds.

Funded organisations must have formal governance documents in place (e.g. a constitution), with a management team/board of trustees of at least three people who are not related. The organisation must have a bank account in its own name that requires at least two signatories who are not related.

The Fund cannot support individuals or informal groups of individuals, and cannot pay grants into personal bank accounts.

If you are unsure whether your organisation is eligible to apply, please contact us for advice before starting your application.

Funding

The amount of funding requested and the overall project size must be in accordance with the table on Page 4.

Projects should generally have a “match funding” contribution equivalent to at least 10% of the value of the project, either as a direct financial contribution to the project’s costs and/or as an in-kind contribution (e.g. staff/volunteer time, use of facilities where the purpose of the grant is not to improve facilities). A lower contribution will only be considered in exceptional circumstances.

For projects submitted by town and parish councils, a financial contribution is mandatory.

Ineligible projects and expenditure

The following types of project and expenditure are not eligible for support:

- General appeals and sponsorships (we need to see a clearly defined project)
- Projects expected to take more than 12 months to complete
- Projects taking place outside the Humber area
- Academic research and educational bursaries
- Projects that only benefit one individual or family
- Projects of a political or religious nature (except multi-faith projects)
- Projects that are already fully funded by other means
- Projects that have already started or been completed
- Projects with a funding gap remaining after this grant
- Rent/hire of the organisation’s own facilities or equipment
- Projects that unnecessarily duplicate activity already funded by the PCC, local authorities or other funders
- Projects seeking to establish grant/loan funds for onward distribution
- Interest payments or repayment of existing debts
- Commercial ventures
- Works to buildings and premises owned by large public sector organisations or for-profit organisations
- Projects seeking to exclude or negatively affect a group of people because of their age, gender, sexual orientation, ethnicity or religion.
- Activities which are part of a statutory requirement
- Food and beverages

Community Safety Fund

- Activities intended to influence Parliament, government or political parties; attempting to influence the awarding or renewal of contracts and grants; or attempting to influence legislative or regulatory action

Sustainability

Any projects that involve the purchase or maintenance of equipment or buildings must include details of how their use will be sustained beyond the grant investment.

5. Grant conditions

To accept an offer of a grant, you will need to agree to our grant conditions. These include:

- Following the publicity guidance provided by the OPCC
- Having appropriate insurance cover in place for the project (e.g. public liability cover)
- For projects working with children or vulnerable people, a safeguarding policy must be in place
- Providing monitoring/progress information to the OPCC
- Claiming and using the grant funds for their proposed purpose within a specific timeframe, and returning any unspent funds to the OPCC

Full details will be provided if you are offered a grant.

6. How to apply

Applications to the PCC's Community Safety Fund can be made via our online grants portal (<https://smallgrants.humberside-pcc.gov.uk>), which will also be used to manage successful grants. To start an application, please follow the prompts to register for a free user account from the homepage.

Please note that we are unable to consider applications submitted by other means. If you are unable to use the portal please contact us for assistance.

Please do not send any information in addition to your application (e.g. images, videos, brochures, reports) as we are unable to consider these. The online application form is designed to capture all of the information required for us to consider your project.

Application deadlines

The Fund is allocated through rounds, held quarterly (subject to there being available funds left in the pot). Please see the OPCC website for forthcoming deadlines.

7. How to contact us

To contact us with any questions about the PCC's Community Safety Fund, please email pccfunding@humberside.pnn.police.uk.

Please do not send funding applications by email – they can only be accepted through our online portal.
