FOR HUMBERSIDE  
DECISION RECORD**

Decision Record Number: **32/2017**

Title: **Body Worn Video – Purchase of Devices**

**Executive Summary:**

The Corporate Governance Group at its meeting on 17 July 2017 agreed in principle to a interim business setting out proposals for the implementation of Body Worn Video Force-wide within Humberside. The agreement was subject to consideration of a final business case at the next meeting of the Group on 29 August 2017. For commercial reasons it is necessary to consider approving an order for the purchase of the videos and software ahead of that meeting. This report provides additional information on costs and proposals as to how the costs of implementation based on the latest available estimates can be funded in 2017/18 and future years.

**Recommendation(s):**

That approval be given to place an order for the purchase of 1500 Reveal D5 Cameras and associated DEM Software to support the implementation of Body Worn Video throughout the Force.
