

## Record of Humberside PCC's Public Events

Since taking office the Police and Crime Commissioner has conducted a regular and varied programme of public engagement.

This is achieved in the following ways:

### Hosted by PCC (Bold entries in list below)

**Street Surgeries** – The PCC holds an average of two open Street Surgeries per month. These are held in areas of high footfall such as town centres and shopping malls, enabling members of the public to speak to the PCC without appointment to discuss crime and policing matters. Issues raised are followed through with the force or relevant partners - **Attendance numbers are not recorded but average around 15-20 per event.**

**Ward Surgeries** – Joint surgeries with the PCC and local elected councillors – **Average attendance 30-50 per event**

### Other public meetings

**Town/Parish Council Meetings** – The PCC, on taking office, contacted all town and parish councils in the Humberside force area and offered to attend their public meetings to answer questions from residents. - **Average attendance 10-30 per event**

**Partnership/Community Group public meetings** – As above, public meetings organised by local groups involved or with an interest in community safety. - **Average attendance 10-30 per event**

**Online chats** – Opportunities for members of the public to question the PCC via an online forum. These have been held with local media outlets and the Commissioner hosted 3 on his own website - **Average engagement -100+ per event (media) 30-50 per event (PCC Website)**

A comprehensive list of all the PCC's public meetings and surgeries from January 2013 to date can be found below.
